

Year 4 Musicianship Programme

This year, as part of the National Musicianship Programme, Year 4 will be taught how to play the ukulele. This is a ten week programme which will be starting next week, culminating in a short presentation to parents celebrating the skills the children have learned (Covid restrictions allowing)

This will be taught by Mrs Hunter who is a trained music teacher.

Unfortunately, due to Covid restrictions, the ukuleles must remain in school and can't be taken home for the children to practice.

We will advise parents as soon as possible of the date of the presentation.

Many thanks,

Frome Valley First School
